WAUGH! Whuh? Whoizzit?
Relax, Gramps.
It's just me.
You're having another one of your freakouts.

Ah, yes. Katie, my dear.
It's Kelly, actually.
Kelsey.
Cripes, you are old...

Kelsey, have I ever told you about the panda wars?
Dreadful times, those.
I see it again every time I close my eyes...

The fires, the screaming...
The endless marching of boots...
The boots of soldiers coming to take our families away.

Gramps, I'm fairly certain there were never any "panda wars". Besides, you live in a zoo.
SIGH
So you're totally safe from the *boots of war*, or whatever.

Now stop having fake war flashbacks and come get your dinner.
Ah... if you say so, child.
